### BUSINESS NEWS

**Univ. of South Florida's** (USF-[www.usf.edu](http://www.usf.edu)) MEMS and nanotechnology center, St. Petersburg, purchased an SF-100 maskless photolithography system from St. Petersburg, Fla. semiconductor equipment supplier **Intelligent Micro Patterning** ([www.intelligentmp.com](http://www.intelligentmp.com)). The system uses patent-pending SmartFilter technology, which Intelligent Micro Patterning licenses from USF.
